

AVF Variable Frequency Canned Motor Pump

變頻罐裝泵浦

Designed for inverter control, the AVF-series pumps are suitable for applications requiring flexible and accurate process control. Its integrated IE4/IE5 motors make these pumps some of the most energy-efficient on the market. The compact size and light weight makes maintenance and handling of the pumps very easy.

AVF 專為變頻控制所設計，適合需要彈性及精準控制之製程條件所使用，搭配 IE4/IE5 高效能馬達使其成為市面上最具節能的選擇。體積小、重量輕，維護保養容易。

Specifications 產品規格

Specification	產品規格	1,500 - 3,000 rpm
Max. Capacity (l/min)	最大流量 (l/min)	1,400
Max. Head (m)	最高揚程 (m)	31
Power Range (kW)	功率範圍 (kW)	1.1 - 7.5
Temperature Range (°C)	操作溫度 (°C)	PPG: 0 - 80 ETFE+CF: 0 - 95

Benefits 產品優勢

- Small installation footprint • 節省安裝空間、高坪效比
- Quiet operation • 超靜音運轉
- Low energy use • 低耗能
- IP66 enclosure • IP66 防塵防水
- Low maintenance • 低保養需求
- Low Life-Cycle Cost • 低生命週期成本
- Clean room ready • 適用於無塵室
- Leak-free • 無洩漏
